HARVARD
Summer School

Summer Program in Mind/Brain Sciences

at the University of Trento, Italy

June 9 - August 4, 2018

This interdisciplinary program at the Center for Mind/Brain Sciences (CIMeC), University of Trento, Italy, provides students a unique opportunity to study the mind/brain.

Taught by neuroscientists and cognitive scientists from Harvard University, Harvard Medical School (U.S.A.), University of Southern California (U.S.A.) and University of Trento (Italy), the courses include lectures, field trips and hands-on laboratory sessions (e.g., neuroimaging demonstrations) and discussion sections. Students will also have the opportunity to participate in talks and presentations organized at the Research Centre. Students will receive course credit from the Harvard Summer School - an official transcript of their grades will be provided.

All instruction is in English. The tuition fee includes course materials, bus transportation during the program, accommodation, meals and activities. Financial Aid is available.

For information about prerequisites, see notice at events.unitn.it/en/harvard-sp2018

MBBS - 101

Windows into the Structure of the Mind/Brain
